

WOMEN OF MIDDLE AGE

Need Lydia E. Pinkham's Vegetable Compound

Brookfield, Mo.—“Two years ago I was unable to do any kind of work and only weighed 118 pounds. My trouble dates back to the time that women may expect nature to bring on them the Change of Life. I got a bottle of Lydia E. Pinkham's Vegetable Compound and it made me feel much better, and I have continued its use. I am very grateful to you for the good health I am now enjoying.”—Mrs. SARAH LOUISGONT, 414 S. Livingston Street, Brookfield, Mo.

The Change of Life is the most critical period of a woman's existence, and neglect of health at this time invites disease and pain.

Women everywhere should remember that there is no other remedy known to medicine that will so successfully carry women through this trying period as Lydia E. Pinkham's Vegetable Compound, made from native roots and herbs.

For 30 years it has been curing women from the worst forms of female ills—inflammation, ulceration, displacements, fibroid tumors, irregularities, periodic pains, backache, and nervous prostration.

If you would like special advice about your case write a confidential letter to Mrs. Pinkham, at Lynn, Mass. Her advice is free, and always helpful.

COURIER POINTS.

Old saying revised: “The trusts owe us a living.”

An exchange says there is no politics in hades. No, but there is quite a lot of hades in politics.

Women are not usually expert mathematicians, but they know how to make attractive figures.

An eccentric Iowan has purchased a coffin. What earthly use he can have for that is a question.

Over in England the suffragettes have taken to throwing bombs. Over here they throw buncombe.

The merry widow hat seems to have gone—to the heads of some of the newspaper paragraphers.

Sometimes you don't get a chance to turn the other cheek—you get slapped on both cheeks at once.

The trouble with most people that want to see things reformed

is that they leave it all to the public officials.

It would be interesting to know what kind of oolic medicine Adam and Eve used after eating the green apples.

The man who wanted to take out a fire insurance policy on his life must have had a hunch as to where he was going.

It does not sound reasonable to say that matches are made in heaven when all the sulphur is in the other place.

Many men act as if they were “so many” that we should think their wives would feel as if they had committed bigamy.

An eastern man who was down and out went insane and started to bark and bite. It might be said that he went to the dogs.

The man who spends his leisure hours improving his mind is making an investment that will pay more than a hundred per cent.

An exchange says that all American girls are born with voices. It is not probable that anyone will contradict the statement.

A new paper bill is said to be the best thing to clean eyeglasses with. Paper bills have often proven a great aid to the vision of legislators.

There is a Texas woman who claims to be 132 years of age. She probably thought it was no use trying to conceal it any longer.

A monkey was operated upon at Omaha for appendicitis not long ago. This is one patient that the doctors didn't have to make a monkey of anyway.

The proud parents who have their babies' pictures taken in the nude don't stop to think what an embarrassment they may sometime prove to the original in later life.

A German servant wants to know how long a dream lasts. That often depends upon how long you put off the marriage ceremony, or how long before election day.

A dispatch says New York is to have a building 62 stories high, with a flag pole 150 feet above that. The whole thing sounds like another story, which makes it 63 in all.

An Indiana cigarette fiend is not sensitive to the pricking of needles or pins. Needles and pins have no terrors to the person who does not recoil from the coffin nails.

Total amount of transfers for the week, \$247,433.25.

Forty-Five Agricultural Scholarships for the University of Missouri.

The practical instruction in agriculture which is now being offered by the university has attracted the attention of the entire state. More recently the railroads of Missouri have come to believe that every man who receives instruction in agriculture at Columbia and settles along their line is an economic asset. After careful investigation of the work of the agricultural department of the university of Missouri the Frisco railroad has decided to offer 45 scholarships, each valued at \$100. One scholarship will be awarded in each county through which the Frisco railroad passes in Missouri.

This sum of money will pay the entire expenses of a student for the four-months' winter course in agriculture, beginning November 1, 1910.

The scholarship will be given to the young man over 16 years of age who grows and exhibits the best 10 ears of corn in each county. This corn will be grown under the direction of the college of agriculture and finally judged by an expert judge at a county corn show to be held in the fall.

Broke an Arm.

The Brunswicker says that it is sorry to report a painful accident which happened to its little friend, Vernon Masters, the 8-year-old son of Mrs. Ida Masters, about 6 o'clock Tuesday evening. Vernon had ridden to the corner at B. M. Strub's and A. Freeman's, in the east part of town, in Jerome Dearing's delivery wagon. When he started to get out of the wagon the horse started suddenly, throwing the little fellow violently to the ground. He was picked up by City Marshal Jack Harrison and carried to his home, where it was found that both bones of his left forearm were broken. Though the injury is very painful, Vernon is bearing the pain manfully, and is getting along nicely.

Roosevelt's enemies say he is crazy. It this is the case, many people would suggest that it would be a good plan to look through the insane asylums for the next president.

An aching back is instantly relieved by an application of Sloan's Liniment.

This liniment takes the place of massage and is better than sticky plasters. It penetrates—without rubbing—through the skin and muscular tissue right to the bone, quickens the blood, relieves congestion, and gives permanent as well as temporary relief.

Here's the Proof.
Mr. JAMES C. LEE, of 1009 9th St., S.E., Washington, D.C., writes: "Thirty years ago I fell from a scaffold and seriously injured my back. I suffered terribly at times; from the small of my back all around my stomach was just as if I had been beaten with a club. I used every plaster I could get with no relief. Sloan's Liniment took the pain right out, and I can now do as much harder work as any man in the shop, thanks to

Sloan's Liniment

Mr. J. P. Evans, of Mt. Airy, Ga., says: "After being afflicted for three years with rheumatism, I used Sloan's Liniment, and was cured sound and well, and am glad to say I haven't been troubled with rheumatism since. My leg was badly swollen from my hip to my knee. One-half a bottle took the pain and swelling out."

Sloan's Liniment has no equal as a remedy for Rheumatism, Neuralgia or any pain or stiffness in the muscles or joints. BOTTLES, 25c, 50c, and \$1.00.

Sloan's book on Rheumatism, Neuralgia, and other ailments, sent free. Address Dr. Earl S. Sloan, Boston, Mass., U.S.A.
